

AUSTIN

Est 1981

- YEAR: 1924
- MODEL: R
- COUNTRY: Birmingham, England
- ENGINE: 27.39HP@1500RPM - 4 Cylinder Kero (Petrol Start)
- DONATED BY: Mr Jim Riches

Not a very efficient tractor, they were produced by Austin from 1919-1924. The tractor has a 27hp motor, fueled by Kero with a petrol start, start was relatively easy when warm but very hard on a cold morning. It has two forward speeds and one reverse with a cone type clutch and has a tubular radiator, Zenith Carby and North & Sons Magneto.

New Cost was £300
