

# 1937 & 1939 STEEL HORSE K40 TRACTORS

These operational 1937 & 1939 - HSCS K40 tractors made by HSCS (Hofherr, Schrantz, Clayton & Shuttlesworth); a Hungarian company that became state-owned after World War II and finally disappeared around 1970.

Old Tractors from the 30's. Make:HSCS (Hofherr - Schrantz - Clayton - Shuttlesworth) Model: K40 – 1942 Fuel: crude oil and/or diesel oil - Number of Cylinders 1: Displacement: about 10.600 cc Horse Power: 40 HP at the wheel and 48 HP at the PTO (Power Take-Off) Characteristics: 2-stroke diesel cycle. They were been used in the Second World War to pull the cannons, but then it was abandoned because it made too much noise and signalled the vehicle to the enemies.

**1939 Steel Horse K40 Rubber tyred Tractor** built in Hungary by HSCS.(Hiffer Schrang Clayton & Shuttlesworth).
